

One hour in Spain, una hora en España, une heure en Espagne

It was on Tuesday, the 25th January 2022 from 9 :10 to 10 :05 am.

There were a lot of people in the classroom : Rosa and Lax are English teachers in Spain in a language school in Aguadulce, near Almería, there was our English teacher, Mrs Guerrero, Anna, is an American girl and is our assistant for this year, and our class : 1ST

Rosa and Lax arrived on the 24th of January and will leave on the 28th of January. They are here to watch the educational French system and more particularly the way we learn languages and how the school system deals with absenteeism and dropping out.

First, they presented themselves to the classroom in Spanish, Then, they exchanged in Spanish between them on a « meeting dialogue », and after we did the same thing at the board, face to face (in pairs) and in front of our class. We trained and repeated their Spanish sentences. After we learnt some words about make up and hair in Spanish,

Finally we learnt them some French expressions, and they said what they know in French.

It was amazing for us,It was in a good mood, it was a long time since we haven' t practiced Spanish.

They are so « cutie-cutie » and shining bright persons 😊

Muchas gracias

Thank you very much

Merci beaucoup...
